

## PRACTICAL-3(A)

**Aim:** Write a program to find the area of square and triangle.

### CODE:

```
public class p3a {  
    public static void main(String[] args) {  
        int a=64,month,days;  
        month=a/30;  
        days=a%30;  
        System.out.println("month: "+month);  
        System.out.println("days: "+days);  
    }  
}
```

### OUTPUT:

A screenshot of a Java IDE's output window. The window title is "Output - 115CE (run) x". On the left side, there are four icons: a green play button, a yellow play button, a red stop button, and a gear icon. The output text is as follows:  
run:  
month: 2  
days: 0  
BUILD SUCCESSFUL (total time: 0 seconds)  
The text "BUILD SUCCESSFUL (total time: 0 seconds)" is highlighted in green.

```
Output - 115CE (run) x  
run:  
month: 2  
days: 0  
BUILD SUCCESSFUL (total time: 0 seconds)
```
